## CURRICULA VITAE - CONGRESS SPEAKER BIOS

### Dr. Luis Bessa DDS, Max. Fac. Surg.

Dr Luis Bessa graduated from ISCS-N (Instituto Superior de Ciências da Saúde do Norte) in 2008. His passion for surgery led him to pursue further education earning a speciality in Oral and Maxillofacial Surgery in UFRJ (Federal University of Rio de Janeiro) and a postgraduate title in Orthognathic Surgery.

During his residency he had the opportunity to work in a hospital environment with all the other specialities of medicine which gave him a comprehensive understanding of general health and the body as a whole. Education is also one of Dr Bessa's interests. Apart from participating as a lecturer in several international conferences since 2012, he has been the head of the Maxillofacial Surgery Department in the University Fernando Pessoa in 2013, and he is currently an invited professor for several Post graduate Implant programs at Portuguese and foreign universities .

Dr Luis Bessa has his own dental practice in Porto, NORTH CLINIC, Portugal as an Oral and Max. Fac. surgeon and has a strong focus on minimally invasive ridge reconstruction with autologous tissues as well as high-end aesthetic dentistry.

He is strongly focused on a biological approach and on the aesthetic zone management.

### Prof. José Luis Calvo-Guirado DDs, MSc, PhD, Eu PhD

Prof. José Luis Calvo-Guirado graduated with honors from the University of Córdoba, Argentine in 1989, he obtained his first PhD in Dentistry 2001 and his second European PhD in Bioengineering of Biomaterials 2014. He was full-time of Professor Oral Surgery, and Implant Dentistry at the University of Murcia, Spain from 2007-2015. Scientific Award 2021. Associate Researcher of Universidad Autónoma de Chile, Volunteer Research Professor at the School of Dental Medicine at Stony Brook University in New York, Visiting Professor of Oral Surgery, and Implant Dentistry at Belgrade University in Serbia, visiting professor of Implant Dentistry Specialization at Catholic University of Córdoba Argentine and Visiting Professor of Tito Maiorescu of Bucarest, Rumania.

His expertise based in Oral Surgery, Dental Implants, Bone Substitutes, Animal Research and Digital Technologies is recognised internationally. Author of more than 292 publications in PubMed publications in Dental, Medical and Biomaterials journals as well former member of the editorial board of Clinical Oral Implants Research and reviewer of the following international Journals Clin Implant Dent Related Res, J Periodontol, Tissue Engineering, Acta Odontologica Scandinavica and Materials, Metals, J Clin Medicine, Symmetry and more Scientific Journals of MDPI Editorial. Author of another 350 manuscripts in non-JCR Journals. He is an author of 7 Books and Co-authors of other 8 scientific books. He is a reviewer of 54 JCR and non-JCR Journals. Prof. Calvo Guirado is in position 31 Worldwide in Dental Implantation Ranking in the Expertscape Web Ranking and also in position 10 in Bone Implant Interface Ranking in the Expertscape Web Ranking.

### Dr. Alex Dagba D.D.S.

Dr. Alex Dagba graduated from Paris V University, René Descartes, and obtained his dental degree (DDS) in 2009. He now practices in Paris, in the 9th and 16th arrondissements.

His activity is oriented in Implantology and Periodontology. The work philosophy he promotes emphasizes minimally invasive approaches.

In addition to his clinical activity, he devotes part of his time on writing publications, and teaching as part of various University Diplomas (Université Paris XI, Université Evry)

Since 2016, he has been chief-editor of the french Quintessence International implantology journal, Titane.

He was also a teaching assistant in Aesthetic Dentistry in the Dental department of Charles Foix Hospital, attached to the Paris V University.

## Prof. Ioannis Fourmousis

**Assistant Professor of Periodontology, University of Athens, Greece**

Ioannis Fourmousis graduated from the Dental School of the University of Athens in 1987. In 1990, he started the Master's program in Periodontology, Prosthodontics, and Implantology at the University of Bern in Switzerland.

In 1993 he finished the postgraduate program and at the same time was declared a Doctor of the University of Bern, where he taught until 1994. From 1994 to 1996, he remained an Assistant Visiting Professor in the Department of Periodontology and Fixed Prosthodontics of the same University. From 1996 until 1998 he was promoted to Associate Visiting Professor.

From 1994 to 2001 he was a scientific associate of the Periodontology laboratory of the National and Kapodistrian University of Athens, where he also held the position of Lecturer in 2001. In 2007 he was appointed Assistant Professor and from 2011 until today he serves with the rank of permanent Assistant Professor of Periodontology at the School of Dentistry.

From June 1998 until 2000 he was elected member of the board of the Diagnostic Group of the IADR (International Association of Dental Research). From 2001 until 2004 he was a member of the journal "Clinical Oral Implants Research" editorial board.

Since 1994, he maintains a private practice with an emphasis on Periodontology and Implants.

From 1992 until today he has presented more than 250 papers in international and national conferences. He has published 138 papers in Greek and foreign language magazines and books with a high Citation index (>3000 citations).

## Prof. Maria Elisa Galarraga Vinueza, DDS, MSc and PhD in oral surgery and implant dentistry,

Prof. Galarraga is a full-time assistant Professor at the Department of Prosthodontics, division of implant dentistry, at Tufts University, Boston-USA. She is a visitor researcher at Friedrich-Alexander-Universität Erlangen-Nürnberg, Germany and at Universidad de las Americas, Quito, Ecuador. Dr. Galarraga was recipient of the Osteology Foundation scholarship in 2019 and performed one year of research in the Oral Surgery Department of Goethe University, Frankfurt, Germany. Dr. Galarraga has been awarded several international awards. She is currently a member of the research committee of the Iberoamerican Federation of Periodontology, she has been appointed as a member of the research expert council of Osteology Foundation, and she is currently part of the Best Evidence Consensus in the treatment of peri-implantitis by the American Academy of Periodontology and IADR.

Dr. Galarraga's main fields of research are biomaterials development and peri-implantitis histopathology, etiology and treatment. Dr. Galarraga is an international lecturer and has published numerous scholarly publications in the main international peer-reviewed journals. She has also co-authored several book chapters related to peri-implantitis treatment.

## Dr. Pablo García Cañas

Doctor Garcia received his dental degree from Complutense University in Madrid Spain, where he later started working on his Phd, receiving a Master in dental Science.

After practicing a couple of years as a general dentist, he moved to New York City to specialize in periodontal and implant dentistry. He completed the advanced program in periodontics at New York University and continued working in the department as a fellow. He also completed the comprehensive implant program at Columbia University

Later on, he moved back to his hometown Madrid, to work as a private practitioner and also as professor of the Department of "Oral surgery, Periodontal and Implant Dentistry Master at the Mississippi University in Madrid.

He is an author of scientific articles and lectures internationally.

## Dr. Eleftherios Kalimeras Max. Fac. Surg.

Dr. Eleftherios Kalimeras was born in Cyprus in 1974 and he is an Oral and Maxillofacial Surgeon. He graduated from the Archbishop Makarios III Lyceum in Nicosia. Dr. Kalimeras is a graduate of the School of Medicine and Dentistry of the Aristotle University of Thessaloniki, Greece. In 2005 he received the specialty of Oral and Maxillofacial Surgery, and in 2021 he obtained a master's degree in Health Unit Management from the Open University of Cyprus. Dr. Kalimeras is the head of the Maxillofacial Surgery department of the 'Interbalkan Medical Center of Thessaloniki', director and shareholder of 'Protome Dental & Facial Surgery clinic' in Thessaloniki, associate doctor at the 'Mediterranean Hospital of Cyprus' and associate doctor in other medical centres both in Cyprus and Greece. He is a member of the Medical Associations of Thessaloniki and Famagusta as well as a member of various scientific societies. Additionally, Dr. Eleftherios Kalimeras is the President of the Cyprus Association of Oral and Maxillofacial Surgery. Finally, Dr. Eleftherios Kalimeras speaks English and German.

## Dr. Dimitrios Kolovos

Dr. Dimitrios Kolovos received his undergraduate degree in Dentistry (DDS) in 2013 from the National and Kapodistrian University of Athens. In 2014, he was accepted for postgraduate studies in the Faculty of Prosthodontics, Dental School of Athens, Greece (MSc in Prosthodontics). Since 2019, he has been practicing dentistry limited to Prosthodontics and Implantology in Dental Wellness Athens clinic. He lectures nationally and Internationally, focusing mainly on digital protocols for the prosthetic and surgical rehabilitation of patients. He is a member of scientific societies, including the Greek Prosthodontic Society (GRPROS), the European Prosthodontic Association (EPA) and the International Congress of Oral Implantologists (ICOI). From 2022 he is an alternate member of the board of directors of the Greek Prosthodontic Society (GRPROS).

## Prof. Ziv Mazor, D.M.D

Prof. Ziv Mazor is one of Israel's leading periodontists. He graduated from the periodontal department at the Hadassah School for Dental Medicine in Jerusalem.

Since 1993, Prof. Mazor has been engaged in clinical research in the field of Bone Augmentation and Sinus Floor Elevation. He is currently participating in the quest for improving and evaluating new grafting materials, using various growth factors as well as researching "osseodensification"- a paradigm shift in dental implantology.

Prof. Mazor is a renowned author in dental implantology, and is known worldwide for his innovative approaches in cutting-edge procedures and technologies. He is a world known speaker and has lectured extensively both nationally and internationally. Last year was his 25th consecutive year speaking at the AAP. Prof. Mazor is part of the continuing education faculty at the New York University. He conducts and moderates advanced international implantology courses and workshops. He is the past President of the Israeli Periodontal Society.

Prof. Mazor maintains a private practice and a teaching center limited to periodontal and implant dentistry in Tel Aviv, Israel.

## Prof. Andrea Mombelli

Prof.em. (University of Geneva), Prof.tit. (University of Bern), Prof.hon. (University of Buenos Aires) Andrea Mombelli graduated from the University of Bern School of Dental Medicine and completed his post-graduate studies reaching the status of Private Docent in 1992. He has a Swiss Federal diploma in dentistry (D.D.S.), a Doctorate in dentistry (Dr. med. dent.) and is a Swiss board-certified periodontist.

Andrea Mombelli was professor and director of the Division of Periodontology at the Clinic of Dental Medicine of the University of Geneva, Switzerland (1999-2019). From 2001 to 2005 he served as president of the Dental Section of the Faculty of Medicine, and from 2005 to 2011 he was associate vice-dean of the Faculty of Medicine. Earlier he held the position of Head of the Laboratory for Oral Microbiology at the School of Dental Medicine of the University of Bern, Switzerland (1992-1999). He is former president of the Swiss Society of Periodontology (1992-1996 and 2004-2008).

He and his colleagues have been pioneers in studies on the diagnosis, etiology and therapy of peri-implantitis. He has conducted multiple clinical trials evaluating antimicrobial protocols to optimize the treatment of periodontal and peri-implant diseases.

Dr. Mombelli has received several awards and honorary memberships of various societies of periodontology and implantology. In 2019 he received the IADR Distinguished Scientist Award for Research in Periodontal Disease and in 2020 the Distinguished Scientist Award of the EFP.

## Dr. Julien Mourlaas DDS

Dr Julien Mourlaas graduated in 2012 from the Université Paris 5, France. He then got his training in the field of Periodontics and Implant Dentistry from New York University. After 2 years of residency he went back to Paris and limited his clinical practice to Periodontics and Implant Dentistry. He recently opened his own clinic in Paris. Furthermore, he works at Quintessence International as co-chief editor of the french journal "Titane", is an internationally published author and lecturer and co-founder with Dr Benjamin Cortasse of "Paroplastic", a famous french training institute in the field of mucogingival surgery and implantology.

## Dr. Zoe Nicolaou Max. Fac. Surg.

Zoe Nicolaou is an Oral and Maxillofacial Surgeon. She specialized in Oral and Maxillofacial Surgery in Rabin Medical Center of Tel-Aviv University- Israel and she received the title of Oral and Maxillofacial Surgeon in 2000. Dr. Nicolaou joined the Oral and Maxillofacial Surgery Clinic in Athens as a Postgraduate Fellow for 2 years after graduating from the Dental School of Athens University in 1992.

Her special interest is in Orthognathic Surgery and specifically in Individuals with cranio facial syndromes and facial deformities. She has been practicing Oral and Maxillofacial Surgery in Limassol, Cyprus since 2000. This is why she cooperates with the Cyprus Center for Clefts & Facial Deformities (MEDICLEFT), where a team of specialists monitors and treats patients with similar problems.

Furthermore, she serves as councilor of the Republic of Cyprus at the International Association of Oral and Maxillofacial Surgeons (IAOMS) and she is an active member of the European Association of Cranio-Maxillofacial Surgery (EACMFS).

## Prof. Takanori Suzuki, DDS, PhD

Dr. Takanori Suzuki was born and raised in Tokyo, Japan. He graduated from Nippon Dental University College of Life Dentistry in Japan and received his Bachelor of DDS in 2000. In 2004, Dr. Suzuki obtained his Doctorate of Operative Dentistry also at Nippon Dental University. He then taught at the Nippon Dental University in the Department of Operative Dentistry as an Assistant Professor from 2004 to 2008.

In 2009, Dr. Suzuki moved to New York City to complete a one-year Advanced Program for International Dentists in Comprehensive Dentistry at New York University College of Dentistry. Soon thereafter, he completed a two-year Advanced Program for International Dentists in Implant Dentistry. In 2012, he completed a Clinical Fellowship in Implant dentistry also at New York University College of Dentistry.

After his Fellowship program, he became a Visiting Clinical Instructor in 2012 then Clinical Assistant Professor in 2013 to present.

He moved to Tokyo in 2019 where he founded a company and started working as an implantologist.

Dr. Suzuki has published more than 20 scientific articles in the IJPRD, Implant Dentistry and Compendium. He is an international lecturer at many meetings in various countries. He is currently part-time faculty as a Clinical Assistant Professor at New York University College of Dentistry, Ashman Department of Periodontology and Implant Dentistry.

## Prof. Marco Tallarico (DDS, MSc)

**Assistant Professor in Fixed and Removable Prosthesis on natural teeth and implants, and Gnathology, University of Sassari, Italy.**

Graduated with honours from the University of Rome "La Sapienza" in 2000, he obtained the Level II Master in Oral Surgery in 2003, and the Master of Science in Oral Surgery in 2005 at the same University. He attended advanced course in Periodontology and Implantology at the University of Florence in the years 2006 and 2007. In 2013 he obtained the certification of the European Association of Osseointegration in "Implant-Based Therapy", as a first Italian clinician, together with Prof. Silvio Mario Meloni. In 2014 he was the winner, for the second time, of the Prosthesis Poster Session, Nobel Biocare Symposium, Riccione, and in 2019 he won the Aesculapius Research Prize awarded by the University of Florence. Past lecturer at the Oral Rehabilitation Department of the II University of Rome "Tor Vergata", directed by Prof. Alberto Barlattani and at the Oral Surgery Department of the Marche Polytechnic, directed by Prof. Fabrizio Bambini. From 2019 to 2022 he was adjunctive professor of prosthesis, and in February 2022 he won the competition named "RTDB or lecture B" as University Researcher, at the University of Sassari. Already Adjunct Professor at Aldent University, Tirana, Albania (Implantology and Prosthetic Aspects, Master of Science in Dentistry Program). President Osstem-AIC (Advanced Dental Implant Research & Education Center), Italy. Active member of the IAO (Italian Academy of Osseointegration), of the DDS (Digital Dental Society), of the EAO (European Association for Osseointegration), and of the AIOM (Italian Academy of Microscopic Dentistry). International speaker on topics related to implant surgery. Author of several national and international publications with high impact factor. He has participated both as principal investigator and coordinator in several researches in Implantology. He works as a freelancer in Rome, limited to implant surgery and prosthesis.

## Dr. Yuval Zubery, D.M.D.

Received his D.M.D. degree in 1984 and his specialty certificate in Periodontics in 1988 from the Dental School of the Hebrew University in Jerusalem. Lecturer in the Section of Periodontics, School of Dental Medicine, Tel-Aviv University from 1988-1995. Visiting Assistant Professor in the Department of Periodontics, University of Texas, Health Science Center in San Antonio, Texas U.S.A. in 1991-1992. Since 1995- Private Practice limited to Periodontics and dental implants. Previously, CMO and co-owner of Datum Dental Ltd. Author of over 35 publications. Speaker on periodontics, regeneration and dental implantology.

# ONLY AT HANDS-ON CLASSES / WORKSHOPS

## 01. Dr. Doros Picolos

He graduated from the Dental School of the University of Athens in 1999. He moved to New York for a three-year training at Columbia University (2001-2004) from where he obtained the title of Master in Oral Biology and the title of Specialty in Periodontology, with a parallel three-year training in Clinical Implantology. He attended a one-year postgraduate program (part-time) in Implantology (2007-2008). From 2013-2018, he was a scientific partner and training manager in his field Periodontology at the School of Dentistry Assistants of the Cyprus College. He is a trainer of the Swiss Dental Academy (SDA trainer). He is a regular member of the Hellenic Periodontological Society since 2005 and secretary of the Cyprus Periodontological Society. He was a member of scientific committees while at the same time he was a speaker at various conferences and workshops in Cyprus and abroad. He has presented his clinical and research papers at World, Pan American and State conferences in the USA. He was awarded for his work and performance both by the University of Athens (study and performance scholarship) and by Columbia University (performance scholarship - Melvin L. Morris Periodontal Award). His articles have been published in international journals. Since 2005, he has maintained a private practice with exclusive employment in Periodontology and Surgical Implantology and with a particular interest in the use of PRF (Platelet Rich Fibrin) platelet concentrates, growth factors, zero bone loss concepts and directed biomimetic management GBT (Guided Biofilm Therapy).

## 02. Dr. Ioannis Triantafyllou

- Graduated the Aristotle University of Thessaloniki, School of Dentistry.
- Since 1987 he has his private Dental Office in Rhodes, Greece
- Education in European Association of Dental Implantologists in cooperation with the University of Cologne
- Education in Aesthetic dental Surgery in UCL Eastman Dental Institute, U.K.
- He is a member of Dodecanese Dental Association.
- He was the Vice President of Dodecanese Dental Association
- He is the Vice President of Rhodian Academy of Advanced Dentistry
- He is the main speaker of the postgraduate Implantology Program of Scientific Society of Oral Surgery
